HEART OF NEW ENGLAND COUNCIL

2021 Summer Camp Medical Form Instructions

BSA standards and state laws require accurate medical records for campers and staff. They are also critical to ensure timely, effective care should you or your Scout become sick or injured while at camp. All campers, adult leaders and staff **MUST** complete the BSA Annual Health and Medical Record form annually. Forms expire after the last day of the 12th calendar month from the physical exam date.

Without a completed medical form, Scouts, leaders, parents, and visitors WILL NOT PARTICIPATE in many camp activities including (but not limited to) swimming, boating, climbing, COPE, and sports, and may not remain in camp longer than 72 hours.

Read the medical form carefully. The next page highlights areas that are commonly incomplete. All portions of the form must be completed for ALL summer camp programs. Please take note of the following:

Part A

This page contains an important risk advisory, informed consent, and release. Please read this advisory carefully. The participant and parents (if participant is under 18) must sign to acknowledge agreement with the information on this page. This page also includes space to list adults who are authorized (or prohibited) to take this participant to/from events.

Part B

Part B contains the participant's contact and insurance information and general health history. Page 2 of this section contains information about medication and allergies. Please complete these sections carefully and accurately. The parents and health care professional must sign to authorize all medication **including non-prescription medication**.

Part C

Part C is the annual physical. This page should be completed and signed by the health care professional conducting the physical examination. Physicals are required for all events lasting longer than 72 hours. Physicals expire after the last day of the 12th calendar month from the physical exam date (similar to car inspection stickers)

Common Mistakes

- Missing parent/guardian signature (Part A)
- Missing emergency contact information (Part B)
- Incomplete medication information (Part B)
- Missing signature for non-prescription medication (Part B)
- Missing medical insurance card (Part B)
- Missing complete immunization record (Part B)
- Missing physician signature (Part B & C)
- Physical exam more than 12 months ago (Part C)

NOTE: NH State regulations require that a copy of your complete immunization record be attached to your medical form.

MEDICAL FORMS ARE NOT RETURNED AT THE END OF CAMP

Always submit a **COPY** of your medical form. Keep the original for use at other Scouting activities.

Information about those activities may be obtained from the venue, activity coordinators, or your local council. I also understand that participation in these activities is entirely voluntary and requires participants to follow instructions and abide by all applicable rules and the standards of conduct.

In case of an emergency involving me or my child, I understand that efforts will be made to contact the individual listed as the emergency contact person by the medical provider and/or adult leader. In the event that this person cannot be reached, permission is hereby given to the medical provider selected by the adult leader in charge to secure proper treatment, including hospitalization, anesthesia, surgery, or injections of medication for me or my child. Medical providers are authorized to disclose protected health information to the adult in charge, camp medical staff, camp management, and/or any physician or health-care provider involved in providing medical care to the participant. Protected Health Information/Confidential Health Information (PHI/CHI) under the Standards for Privacy of Individually Identifiable Health Information, 45 C.F.R. §§160.103, 164.501, etc. seq., as amended from time to time, includes examination findings, test results, and treatment provided for purposes of medical evaluation of the participant, follow-up and communication with the participant's parents or guardian, and/or determination of the participant's ability to continue in the program activities.

(If applicable) I have carefully considered the risk involved and hereby give my informed consent for my child to participate in all activities offered in the program. I further authorize the sharing of the information on this form with any BSA volunteers or professionals who need to know of medical conditions that may require special consideration in conducting Scouting activities.

With appreciation of the dangers and risks associated with programs and activities, on my own behalf and/or on behalf of my child, I hereby fully and completely release and waive any and all claims for personal injury, death, or loss that may arise against the Boy Scouts of America, the local council, the activity coordinators, and all employees, volunteers, related parties, or other organizations associated with any program or activity.

I give permission for my child to use a BB device. (Note: Not all events will include BB devices.)

☐ **Checking this box indicates you DO NOT want your child to use a BB device.**

NOTE: Due to the nature of programs and activities, the Boy Scouts of America and local councils cannot continually monitor compliance of program participants or any limitations imposed upon them by parents or medical providers. However, so that leaders can be as familiar as possible with any limitations, list any restrictions imposed on a child participant in connection with programs or activities below.

List participant restrictions, if any:

☐ **None**

I understand that, if any information I/we have provided is found to be inaccurate, it may limit and/or eliminate the opportunity for participation in any event or activity.
